CAREER OBJECTIVE

I'm a Full Stack Web Developer (Fresher) skilled in React.js, Next.js, and Python (FastAPI). I enjoy building responsive and user-friendly web apps, handling both frontend and backend logic. During my training, I completed multiple real-time projects that helped me gain practical experience. I'm now looking to join a company where I can grow, contribute, and keep learning.

PROJECTS

- [Bus Ticket Booking System](#): Web app to search, book, and manage bus tickets with real-time updates and admin panel.

Tech: FastAPI, Next.js, SQL, Stripe

- [E-commerce Web App](#): A shopping site with login, cart, and order placement with secure Stripe payments.

Tech: FastAPI, Next.js, MySQL, Stripe

- [Gymster – Gym Membership Platform](#): Users can explore plans, subscribe, and manage memberships via dashboard.

Tech: FastAPI, Next.js, MySQL, Stripe
